SURRENDER OF TURKISH RESERVES

Two Entire Divisions
Taken by Bulgarian
Troops

LINES BEING TIGHTENED

Around Beleaguered Turkish
Stronghold of Adrianople—
Foreign Consuls Hoist
Flags.

Sofia, Bulgaria, Nov. 29.—Two entire divisions of the Turkish reserves surrendered today to the Bulgarian troops near the village of Marshamli, between the port of Dederaghatch and Demotica, according to announcements made by the official news agency here.

The lines of investment drawn by the Bulgarian troops around the beleaguered Turkish stronghold of Adrianople are being tightened day by day.

The attackers trenches have now approached within 1,100 yards of the city itself and the foreign consuls have hoisted flags over their offices, so as to prevent the Bulgarians firing shells in their direction.

According to one report from Adrianople the original Turkish garrison has been reduced by losses during the desperate encounters and by deaths from disease to less than half its strength at the beginning of the siege.

Belgrade, Nov. 29.—The Serbian troops captured the town of Dibra, in Albania, only after a desperate encounter with the Turkish troops, who had rallied there after their retreat from Monastir, and had been joined by contingents of Malissori and Arnaut tribesmen. With the capture of Dibra, the whole of Macedonia has been subdued. Two of the Turkish regiments which had been routed at Monastir surrendered yesterday to the Serbians.

Bucharest, Roumania, Nov. 29.—Roumania, the only Balkan government which has remained neutral throughout the Balkan war, has begun to prepare for hostilities.

The government today commenced active military preparations along the northern frontier, where Russia was concentrating 60,000 troops. Mobilization orders were issued by King Charles and all the garrisons are being strengthened.

As Roumania already has proclaimed herself Austria's ally in the present crisis, this communication would undoubtedly act as a buffer to hold back the Russians in the event of an European war while Austria pours her troops into Serbia.

MEETING OF THE PEACE ENVOYS

Constantinople, Nov. 29.—The peace negotiations between the Bulgarians and Turks at Baghaken, near Tchatalja, entered their final stage today with the arrival of Osman Nizami Pacha, Turkish ambassador, to Germany and the real leader of the Ottoman peace commissioners. Osman Nizami Pacha was recalled by his government because he is regarded as the strongest man in the empire for the leadership of the Turkish peace forces.

As usual numerous reports were circulated throughout the day as to the course of the parleys.

BAD ROADS ADD TO FIRE LOSS AT TWO OHIO HOTELS

Youngstown, Nov. 29.—Summoned to Lowellville early today to fight a fire, the local fire apparatus was delayed by the bad roads and arrived too late to be of any use. The McDermitt and Union hotels and a wholesale liquor store were burned. A wholesale loss is \$25,000.

SOUTHERN EDUCATOR SUCCUMBS

Lynchburg, Va., Nov. 29.—Dr. William Waugh Smith, chancellor of the Randolph-Macon system of colleges, president of Randolph-Macon Woman's college of Lynchburg, and founder of the Woman's College and Randolph-Macon academies at Bedford City, Va., and Front Royal, Va., died early today, after a lingering illness. He was born in Warrenton, Va., March 12, 1845, and served four years in the Confederate army, having been twice wounded.

WALKED FROM HERE TO COLUMBUS TO AID BROTHER

Columbus, O., Nov. 29.—"If I cannot get Pete out will you tell him I came here and will get him out tomorrow," said a man over the telephone to a clerk at the police station yesterday. The man had walked from Newark in order to have enough money to get his brother out of jail on Thanksgiving. He did not arrive until Thanksgiving morning and the police officials would release no one yesterday. "Please tell him that I tried to get him out," beseeched the unhappy man of the police clerk.

NATIONAL RELATIONS EXTEN IVE

Washington, Nov. 29.—In the present year, the international world's business will reach the enormous total of \$35,000,000,000 according to a report issued today by the Bureau of Foreign and Domestic Commerce. Nearly every nation reported a greater exchange of commodities than ever before. The new figure will establish a record, for it is \$1,000,000,000 more than the trade in 1910 and more than double that done in 1890.

STRANGLER CONFESSES HIS CRIME

Buffalo, Nov. 29.—J. Frank Hickey has confessed to the murder of Joseph Josephs, a seven-year-old Lackawanna boy, and Michael Kruck, a New York newsboy, December 12, 1902.

The confession was made to District Attorney Wesley C. Dudley. It was begun on the train that rushed Hickey, District Attorney Dudley and Police Chief Ray R. Gilson from New York to Buffalo last Wednesday, and was completed this morning. The whole story has been reduced to a formal statement and has been signed by Hickey.

The dismembered body of young Josephs was found in a cesspool back of a saloon in Lackawanna, on Nov. 16. Both boys' deaths were caused by strangulation.

Hickey attributed his crimes to the excessive use of liquor. When drunk he said he was possessed of an irresistible mania for killing boys. He denied that he had committed other similar crimes and said he was repentant for his deeds and expected to pay the penalty.

Young Joseph disappeared on the afternoon of Oct. 12, 1911. His father, George Josephs, a prominent merchant of Lackawanna, insisted that the boy had been kidnapped and a country-wide search was instituted.

From time to time the father received anonymous letters warning him to discontinue the search on pain of having his son murdered. Hickey was arrested at a colony for inebriates at Whiting, N. J., November 19.

There are times when every man wonders if others suspect the mean things he knows about himself.

SIR THOMAS LIPTON SAYS HE'LL HAVE A SHAMROCK AT PANAMA EXPOSITION

Sir Thomas Lipton "shooting the sun" on San Francisco Bay.

Sir Thomas Lipton has brought joy to the hearts of San Franciscans by announcing that he will bring a Shamrock to the Panama-Pacific exposition in 1915 and race with all comers for the championship of the bay. Lipton is a drawing card anywhere and his presence at the exposition is expected to help the attendance. In the accompanying picture he is seen "shooting the sun" while going over the 1315 yachting course on San Francisco Bay.

PATRICK LEAVES PRISON

Thanksgiving Evening
and Soon After in Arms
of His Wife

JOYOUS REUNION HELD

At Patrick Apartments in New
York—Will Fight for
Vindication.

New York, Nov. 29.—Resurrected from "legal death" by a stroke of Governor Dix's pen, Albert T. Patrick, twice on the verge of the solemn march to the grim electric chair, and a life prisoner in Sing Sing for the murder of William Marsh Rice, ate his Thanksgiving dinner at home in New York last night—a free man.

Pardoned Wednesday evening by Governor Dix, he was released from the prison at 4:25 o'clock yesterday afternoon, and less than two hours later was in the welcoming arms of his wife at their home on Claremont avenue.

"I expect always to continue my fight for vindication and to clear my name," the pardoned lawyer announced just before he left the somber walls of the prison behind him.

"I have been 12 years in prison—18 months in the Tombs in New York, and over 10 years here—and I realize from my long incarceration that I must have lost my perspective of what has been going on outside."

In the apartment ready for him at No. 130 Claremont avenue Patrick, after a dizzy automobile ride from Ossining, sat down last night to a Thanksgiving dinner with Mrs. Patrick Maher, Henry Barber, a merchant of Peekskill, mentor of Maher; George Motherwell, a messenger in Governor Dix's office, and a woman chum of Mrs. Patrick.

A joyous reunion it was for the lawyer, who for years stood in the shadow of the electric chair. Patrick, shutting himself from the world, devoted himself to a feast sweetened by the breath of freedom so unexpectedly given to him.

Just as Patrick stepped into the automobile Pasquale Doti, a prisoner who went to Sing Sing in 1895 on a conviction of murder in the second degree on a life sentence, and who was pardoned on Wednesday by Governor Dix, walked out of the prison. Doti's pardon had come along with Patrick's. The lawyer had helped Doti in his effort for the pardon. Doti called to Patrick and waved his hand.

"God luck," exclaimed Patrick as Doti turned to walk down the wooden winding stairway at the depot.

Plans to release Patrick at 5:30 o'clock yesterday morning went astray. His pardon was to have been brought to the prison by special messenger,

UNDER PROTECTION OF BRITISH FLAG GOVERNOR WILSON FINDS PEACE; HUNGRY OFFICE SEEKS DID NOT FOLLOW TO BERMUDA

Top picture shows "Glen Cove," the Wilson cottage in Bermuda; lower left, the Misses Eleanor and Jessie Wilson; lower right, Gov. Wilson on his way to Bermuda.

In Bermuda Gov. Wilson has found the peace which was denied him under the Stars and Stripes. He has had a little trouble with one or two obstreperous photographers, but aside from that little has happened to disturb the rest which he so much needs. Unfortunately, he has had a slight attack of indigestion which has marred what would otherwise be a delightful vacation.

The other members of the family are enjoying themselves, too. They had a hard summer of it, as well as the governor. The Wilson girls posed for the picture shown above.

But by mistake the envelope containing his release was mailed and it did not reach the Ossining postoffice until late yesterday afternoon.

Meantime Patrick, who had been informed of his pardon by his wife late Wednesday, spent the day at his usual occupation as the clerk in charge of the criminal records of the hospital.

Through the "underground telephone" of the prison word quickly reached the prisoners that he was to go free, and when the lawyer sat down to the Thanksgiving dinner there were many to give him a handshake of congratulation.

Patrick's wife waited for him in New York. At the prison door, with an automobile in readiness, waited a man who has been working faithfully for the prisoner's release for just one year. He was Thomas Maher of Peekskill, N. Y., former estimate of Patrick, a forger pardoned a year ago. During his incarceration he and Patrick became close friends.

The pardon was delivered to the lawyer shortly after 3 o'clock, and at 4:25 o'clock, clothed in the blue civilian suit presented to all released prisoners, and a fur coat loaned to him by Maher, Patrick stood without the prison door, again his own master.

He took with him \$60.67, representing his earnings as a prisoner, and carried as baggage only a small package containing a few personal effects. Cheers from a crowd of several hundred persons greeted the pardoned lawyer when the automobile drew up in front of his home in New York. But the greeting passed unnoticed by Patrick. On the threshold stood his wife. Her one word of welcome was, "All!"

Ten years ago, on the eve of the day when Patrick was sentenced to die, the pair were married in the Tombs. The woman as she uttered the single exclamation, stretched out her arms and her husband was soon in her embrace. Then the door closed behind them and Patrick was home again.

At the time of his escape from jail Sheriff Slabaugh knew that his mother was in the Lucas county infirmary. The sheriff felt that sooner or later Brake would go to Toledo in an effort to see his parent, so he notified the Toledo police to be on the watch for him.

Everything came out just as Sheriff Slabaugh had suspected and the capture of the man wanted is the result. The sheriff and his prisoner arrived in this city shortly after noon Friday and Brake was once more put in the custody of Deputy Sheriff Taylor.

The escape and subsequent adventures of Brake and the other two prisoners make a story that reads almost like a tale of fiction.

In company with George Johnson (colored), Brake hid out in the bath room on the second floor of the jail and when Turnkey George Taylor went into the cell corridor on the morning of Nov. 25, the two desperate men clubbed him almost into insensibility with heavy bludgeons made from chair legs. After securing his keys money and Colt's automatic revolver, the two men unlocked the cell in which Earl Rouse was confined and the three made their escape through an unbarred window on the south side of the jail building.

Rouse, who seemed to be unable to get very far from his familiar haunts, was captured a few days later and returned to jail. During the present criminal session on of common pleas court he pleaded guilty to a charge of burglary and larceny, and Judge Wickham sentenced him to the reformatory.

All efforts to locate Johnson and Brake failed until on Saturday, Nov. 9, local officials were notified that a negro thought to be Johnson had shot himself while cleaning an

automatic revolver in a Columbus county infirmary, where he thought his mother lay ill, A. R. Brake, who escaped from the Licking county jail on Oct. 25, was captured by the Toledo police. Although he did not know it at the time, his visit to the infirmary was too late, for his mother died in that institution about two weeks ago.

As soon as the Toledo police had caught the man they notified Sheriff Frank E. Slabaugh, who went at once to Toledo, returning Friday noon and bringing the prisoner with him.

After enjoying his freedom for only a few days more than a month, Brake is again lodged in the Licking county jail to await trial on the charge of burglary and larceny.

According to the story of the prisoner he has in Logan and Columbus since his escape from the jail here. He drifted to Toledo, arriving there at 10 o'clock yesterday morning, and went at once to the county infirmary where he thought his mother was ill. At 1 o'clock he was in the custody of the Toledo officers and the Licking county sheriff had been notified of his capture.

LAST OF JAIL BREAKERS CAPTURED IN TOLEDO AND RETURNED HERE BY SHERIFF

WILSON IS ENJOYING VACATION

Has Written Letter to
Bryan Inviting Him to
a Conference

TO SEE OTHER LEADERS

After Return From Bermuda—
President-Elect Is Having—
Plenty of Rest.

Hamilton, Bermuda, Nov. 29.—Woodrow Wilson has written a letter to William Jennings Bryan, inviting him to a conference after Mr. Wilson's return from Bermuda. The president-elect wishes to consult with Mr. Bryan as one of the leaders of the Democratic party, but he will counsel with a number of the other Democratic leaders also on his future program.

It is definitely announced, however, that Mr. Bryan is not coming to Bermuda and that he has not been invited to do so.

After the Thanksgiving dinner yesterday, Mr. and Mrs. Wilson went driving and in the evening attended an amateur performance of "Our Mutual Friend."

Being president-elect of the United States and being merely Woodrow Wilson, an American citizen, in search of rest in a British colony in midocean, do not differ in the slightest degree. Governor Wilson was recalling his previous vacations in the Bermudas, when, as president of Princeton University, he sought rest and quiet here.

"It's not a bit different," he said, as he stood on the veranda of his home.

"Everything is the same as before. Many people have called, to be sure, but I am having just the kind of vacation I wanted, with plenty of rest and exercise."

Mr. Wilson didn't have his family here on previous visits and he was not so prominent a personage, but the people of Bermuda took him at his word when he said he came here for rest, pure and simple, and they have not bothered him in the least. In fact, the social diversions have been just enough to prevent his stay here from being monotonous.

The Wilsons know some of the people from previous acquaintance in the United States and the Wilson girls find it easy to enjoy themselves as if they were at home. Each day they play tennis or golf or ride. For the most part, however, they have been going about with their father, who is fond of bicycling and walking.

The president-elect has no fixed program on any day. He varies his vacation pleasures with the days as they come. Often he sleeps a long time, and occasionally, on rainy afternoons, takes an additional nap. His correspondence is negligible in amount. His secretaries at home were instructed to send mail only the most urgent character and to date they haven't sent a single letter.

"Excellent discretion," was the governor's smiling comment when he told about it.

The governor says he feels greatly improved in health and as distant from the political whirl of the campaign as if it closed three years ago, instead of three weeks ago. Perhaps one of the greatest pleasures that his vacation has given him is in regaining the privacy of the family circle.

The busy days of the pre-convention struggle, the strenuous campaign that followed and the maelstrom of activity that came after the election had given Mr. Wilson little time with his family in the last year. Bermuda, therefore, has brought back the domestic side of

HUNTERS MEET WITH NUMBER OF ACCIDENTS

Zanesville, Nov. 29.—As Fred Decker, aged 18, of New Concord, was climbing over a fence with a gun in his hand, while out hunting yesterday afternoon, the trigger caught in his sleeve, the gun was discharged, and the boy fell back, dying in the arms of a companion, Joseph Evisizer, who was about to jump on the fence himself. Decker died in 15 minutes, the lead tearing through his left arm and into his side, breaking two ribs, crushing the breast bone and lodging in the heart.

Toledo, Nov. 29.—Another name was added to the long list of stray bullet victims here, when William Hauptrecht, aged 29, was hit by a mysterious bullet while hunting rabbits with a party of friends near his home. The men were walking through a thick corn field when Hauptrecht suddenly clutched at his neck and fell to the ground. He had been shot between the shoulders. His fellow hunters secured a horse and wagon and drove the wounded man to the office of a physician, where the bullet, from a .38-calibre rifle was removed.

Dayton, Nov. 29.—Finding no other game while hunting yesterday, Walter Butner, aged 12, and Robert Flynn, 13, turned their guns on the son and daughter of John Jink, aged 3 and 4 years, respectively. A number of shot struck the girl in the face, while the boy was shot in the left side. Their wounds are not dangerous.

Might Be the Fact. Burglars who broke into a Paris flat recently removed all the fashionable parlor dresses belonging to the mistress of the house and left a number of old skirts. "The police," says a Paris correspondent, "suspect a fashion expert." We, on the other hand, are inclined to wonder if the burglar was not committed by the lady's husband, who may easily have been a simple-hearted fellow who wished to see his wife becomingly dressed for a week or two.—By-stander.

STOLEN BULBS RETURNED TO AUTO OWNER

Judge Hunter Imposes Effective Sentence on Boys—News of the Courts.

Judge Robbins Hunter of the juvenile court imposed a unique and effective sentence Wednesday on two High School boys who had stolen the electric light bulbs from the automobile of Dr. A. A. Taylor.

When the matter of the theft was being investigated by the probation officer, one of the lads made strenuous efforts to "get out from under" by way of denial, but was caught up by the evidence of another boy.

"You boys take those bulbs and go out to Dr. Taylor's and wait until he comes. Return the bulbs to him and tell him that you are the boys who stole them, and in future keep out of such trouble," was the sentence of the court.

Custody of Children.

Clyde and Clinton Harris, the twin sons of Clarence E. and Maggie Harris, have been given into the custody of their mother. On a non-support charge the husband was brought before Judge Hunter and after considerable difficulty the present arrangement was made. One of the lads has been at the Children's Home. Under the new plan the father will pay a sum sufficient for the support of the children and will be allowed to visit them.

REP. G. B. NYE TO TAKE STAND DURING DAY

Columbus, Nov. 29.—Frank Harrison Smiley, detective, who has testified in the bribery trial of State Senator George K. Cetone, that he paid a bribe of \$200 to Senator Cetone for his vote on the Cetone-Whitmore insurance bill in the last legislature, was closely cross-examined by the defense when the trial was resumed today.

Most of the testimony given was a repetition of the detective's testimony given in the trials of Rodney J. Diegle and Senator Isaac Huffman. He testified that he is being paid by Prosecutor Turner for testifying in the present bribery case.

Dr. George B. Nye of Waverly, who confessed to having received a bribe while a member of the last legislature, will probably be placed on the stand today by the state to corroborate Smiley's story that Senator Cetone was in his room at a hotel the evening the bribe is alleged to have been received. The state expects to rest its case either late today or Monday morning.

A SOUR, GASSY, UPSET STOMACH

"Pape's Diapepsin" Regulates Your Stomach and Ends Digestion in Five Minutes.

Wonder what upset your stomach—which portion of the food did it damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; you head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Diapepsin and in five minutes you truly will wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion, if your food is a damage in need of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

DRAWS \$700; THIEF GETS IT.
Steubenville, Nov. 29.—Mele Bris tonovic, a Serbian leader here, who drew \$700 from a bank yesterday to pay the passage of himself and nine other Serbians to Serbia to fight against Turkey, had to declare the trip off, as the money was stolen from him.

Gift That Blaine Had.
James G. Blaine had the rare gift of dismissing from his presence any one who had come to him for a favor which he could not grant, with a feeling that he was his big brother, and grieved to death at the compulsion of refusal. Although Blaine was universally beloved, yet he was defeated for the highest office in the gift of the people.—From the Magazine of American History.

BACKACHE IS A DANGER SIGNAL

Kidney Troubles, Bladder Disorders Accumulate and Serious Diseases Follow.

There are other symptoms, such as pains in the region of the kidneys, nervousness, dizziness, tired and worn-out feeling, weak bladder, painful, scaldy, or urinary troubles, which are just as dangerous, for the slightest kidney derangement if neglected may develop into the deadly Bright's Disease, Dropsy, or Diabetes.

It is not only dangerous, but needless, for you to suffer, and endure the tortures of these troubles, for the new discovery, Croxone, quickly and surely ends all such misery.

There is no more effective remedy known for the permanent cure of all forms of kidney, bladder trouble, and rheumatism, than this new scientific preparation, because it removes the cause. It soaks right into the kidneys, through the walls and linings, cleans out the clogged-up pores, neutralizes and dissolves the poisonous uric acid and waste matter, that lodge in the joints and muscles and cause those terrible rheumatic pains, and makes the kidneys filter the poison from the blood and drives it out of the system.

Three doses of Croxone a day, for a few days is often all that is ever needed to cure the worst backache or overcome disagreeable urinary disorders, and you can take it with the utmost confidence that nothing on earth will so quickly cure the worst case of kidney, bladder trouble, or rheumatism.

You will find Croxone different from all other remedies. There is nothing else like it. It is so prepared that it is practically impossible to take it into the human system without results. An original package costs but a trifle at any first class drug store. All druggists are authorized to personally return the purchase price if Croxone should fail in a single case.

Once Exclusive Pet of Royalty. The Pekingese spaniel, or "lion dog," now so popular among dog lovers, was formerly an exclusive possession of China's rulers, and it was a capital offense to remove one of the diminutive creatures from the imperial palace. A pair of them were brought to Europe after the capture of Peking in 1860, and from these and a few others the American specimens of the breed are descended.

To Clean Paper.

To make a paste that will clean wall paper, mix a quart of flour with five cents' worth of ammonia and enough water to make a stiff dough, and knead until smooth. Then wipe the paper with the dough, working it so that a clean surface will be presented with every stroke, and the wall paper will look like new.—New Haven Journal Courier.

RHEUMATISM

"I'M CURED," SAYS JUDGE.

Crutches Gone—Walks As Well As Ever After Using Two 50-Cent Bottles of Rheuma.

Read this, all victims of agonizing rheumatism. Read from one who was a cripple what wonderful RHEUMA will do. Evans' Drug Store sells it for only 50 cents a bottle and guarantees it for Rheumatism, Gout, Lumbago and Neuralgia.

"I, John Barhorst, Justice of the Peace of McLean Township Ft. Loramie, Mo, do hereby certify that after treatment by three doctors without result, I have been cured of a very bad case of Rheumatism by using two bottles of RHEUMA. It is now two years since I used the remedy, and I am still as well as ever. Previous to using RHEUMA I was a cripple, walking with crutches, and I feel it my duty to let other sufferers from Rheumatism know what it will do. The result seems almost miraculous to me. I have advised RHEUMA to at least a dozen persons, and each one speaks as highly of it as I. I will answer any one suffering from the disease if a two-cent stamp is enclosed."—May 31, 1912.

DIET AND HEALTH HINTS

By DR. T. J. ALLEN Food Specialist

MONODIET THEORY GROWING.

The old doctrine, still held by many physicians, that much variety in diet is beneficial, even for the sick, is gradually giving way to the demonstrated truth that the balanced ration, supplied with the least incompatibility, is the ideal, the great benefit of the absolute monodiet in the case of the sick being fully established by the experience of the milk, grape, flesh-meat and other cures. Dr. E. E. Keeler, editor of Good Health Clinic, says that it is best always to "eat one or two or at most three articles of food at a meal." Recently "Life and Health" published an article showing the injurious effects of mixing foods indiscriminately. The vast importance of the monodiet from the pathological side is not yet fully recognized, but Dr. Henry A. Beeson, a few months ago showed in an article in Physiological Therapeutics that the fundamental cause of the most serious auto-intoxication is the eating of a great variety of foods, and that radical cure, immunity, can be secured only by a simple diet. Recent experiments showing that mice are more resistant to certain poisons when fed on one article of food than when eating several (Journal of American Medical Association) have tended to confirm the important claims for the influence of the monodiet as a safeguard against infection as well as against chronic disease.

Make Bathing Form of Worship.
Our American bathing resorts pale into insignificance beside those of India—though to the Hindoo bathing is a religious duty as well as a personal luxury. East India papers report that during one week recently at the holy city of Allahabad nearly 2,000,000 people bathed in the rivers Jumna and Ganges, which meet at that place.

**WHITE BREAD AND MILK
VS. WHOLE WHEAT BREAD.**

The notion that white bread
is necessarily bad is not correct,
as ought to be apparent from the
almost universal use of toast for
invalids. It is fresh, soft, white
bread, with fat, eaten hurriedly,
imperfectly masticated, that is
particularly objectionable, espe-
cially when eaten with meat or
acid fruits, the former encourag-
ing intestinal fermentation and
the latter preventing the diges-
tion of starch, which can digest
only in an alkaline medium. The
entire wheat grain contains all
the elements of nutrition in nearly
perfect proportion. In the
milling of white flour, some of
the essential elements are large-
ly removed, the mineral elements
and gluten being largely contain-
ed in the inner coatings of the
bran and the germ. In many
cases the bran is especially ben-
eficial, and flour made from
wheat by grinding the entire
grain is a perfect ration in it-
self, when not kept long; but the
elements that are deficient in
snow-white flour are contained
in milk, and in many cases stale
white bread with milk or cream
would be preferable to entire
wheat bread, being lighter, more
completely digested, and less ir-
ritating. Nine-tenths of the
"whole wheat" or "graham"
bread sold in the stores is made
from a mixture of white flour
and bran, not always of the best
quality, or from a flour made
from a part of the cereal includ-
ing the outer coating. The
only way to be sure of having
entire wheat bread is to buy the
wheat and grind it in a hand mill
as needed.

Tona Vita Brings It Back to Worn-
Out, Half-Sick People.

One of the principal symptoms of
nervous troubles is a feeling of dis-
couragement.
A man or woman suffering with
nervous exhaustion feels so worn out

they become hopeless and depressed.
Life doesn't seem to be worth liv-
ing.

Tona Vita has been pronounced by
physicians to be the most reliable
and successful tonic and nerve food
ever sold to the public. It is build-
ing up many thousands of run-down,
nervous men and women and restor-
ing them to health and happiness.

If you are a sufferer from nerv-
ous break-down, try this great tonic
and as you feel your health, strength
and ambition return, you will be
changed in mind as well as body.
Life will seem like a different thing
to you in a few weeks' time.

Spoiling Children.
Little children give their mother
the headache; but if she lets them
have their own way, when they grow
up to be great children they will give
her the headache. Fondness spoils
many, and letting little adults alone
spoils more. Gardens that are never
weeded will grow very little worth
gathering. All watering and no hoe-
ing will make a very bad crop. A
child may have too much of its moth-
er's love and in the long run it may
turn out that it had too little.—C. H.
Spurgeon.

PLURALITIES OF CONGRESSMEN.
**ASHBROOK'S IS LARGEST OF
DEMOCRATS IN OHIO'S HISTORY**

Democratic candidates for Con-
gress, as shown by the official vote,
did not run collectively as well as
Governor-elect Cox and most of the
Democratic state candidates. The
18 Democratic congressmen-elect
had an aggregate plurality of 126,
189. Deducting the aggregate plu-
rality of the three Republican con-
gressmen-elect, Fess, Switzer and
Willis. 2386, leaves a net Demo-
cratic plurality by districts of 123,
303.

Congressman William A. Ash-
brook's plurality was over 6,000,
greater than that of the next high-
est Democratic candidate, being 19,
552. This is the largest plurality
ever given a Democratic candidate
for Congress in all Ohio history.

Russia's Hunting Bag.
The hunting season in Russia has
come to an end, and the following
particulars, says a St. Petersburg
correspondent, relate to the booty,
which has far surpassed that of the
preceding year.

The largest number of animals
killed are squirrels, which head the
list with 4,525,390 victims. The most
sought after fur is of course black
sable, of which 12,250 were caught.
Last year a clear profit of 2,500,000
francs was made on sables, which
fetched as much as 1,000 francs apiece.

The remainder of the "bag" was
composed of 200,000 ermine, 1,500
brown bears, 180,000 skunk, 100 blue
foxes and 16,500 gray wolves.

Rough Skin.
The rough red skin caused by
exposure to winds and sun may
be removed by the persistent use
for a few weeks of a good skin
food. The face should be bathed
with warm water at night and
the skin food should then be
gently rubbed in with a circular
movement of the finger tips for
some fifteen minutes. In the
morning remove any excess by
wiping over with a ruft of cot-
ton wool and then washing the
face with a good mild soap and
cold water. This treatment soon
makes the skin smooth and soft
and improves the color.

In honor of the feast of the white carnation the Ohio Alpha Sigma chapter of the Phi Sigma Chi fraternity, entertained with its annual dinner-dance on Thanksgiving evening at Assembly hall. The hours were from 8 to 1 and Parker's orchestra from Columbus furnished the dance program. The hall was decorated with pennants, and the pillars supporting the balcony were draped with the fraternity colors, black and gold. Side lights and chandeliers were shaded with the gold color. At 10 o'clock a three course turkey dinner was served, white carnations being given as favors.

Among the dancers were: Mr. and Mrs. Oscar Scheidler chaperones, Mr. and Mrs. James Cooper, Mr. and Mrs. Lee Moore, Misses Hazel Lippincott, Olive Black, Irma Alspach, Camille Windle, Mildred Robe, Mabel Young, Mary Mahon, Verna Harding, Clotilde Howard, Florence Bowden, Helen Ingman, Lucille McOwen, Marguerite Moore, Hazel Haines, Leontine Moore, Mary Follett, Bernice Wintermute, Grace Ralston and Rhea Ingler, Messrs. Fred Palmer, Ned Warner, Raymond Meyers, Shad Johns, Paul Morrison, Dewitt Hansberger, William Ashley, Carl Jones, Duke Clayton, Ralph Edwards, James Bell, Ralph Trittip, Fred Schimmel, Charles Roach, Paul Collins, Loran Hansberger, Harvey Trittip, and Miss Margaret Harris, Fred Gregg and M. A family reunion was held yesterday at the home of Mr. and Mrs. E. A. Warrington, 448 Woods avenue, which included a number of out-of-town guests. The immediate members of the Warrington family present were O. G. Warrington and family and daughter, Mr. and Mrs. W. E. Warrington and family, Marion Warrington and family, and E. A. Stiles and family all of Newark.

On Thanksgiving day Mrs. E. G. Hyatt of Cedar street, entertained with a dinner in honor of Mr. and Mrs. J. McGee and children Mary and William and Miss Pearl Perogot all of Zanesville.

A crowd of young men were delightfully entertained at the home of Edward Adams in honor of his twenty-first birthday anniversary last evening. The evening was spent in playing cards, after which a chicken supper was served. Later in the evening Mr. Henry Stanch amused the guests for an hour by slight of hand tricks and a quartet composed of Leo Falon, Wm.

McDonald, John Feldner and Leo Dugan sang several numbers. Leo Meyers of Bowling Green was the only out of town guest. At a late hour all departed after spending a pleasant evening and wishing the host many more happy returns of the day.

The Rev. H. E. Holcomb, pastor of the Moxahala Avenue M. E. church, of Zanesville, was very agreeably surprised Tuesday evening by a score of the members of his Sunday school class from his former charge, the West Main Street M. E. church, Newark. During the evening the Rev. P. H. Fry, who succeeded Mr. Holcomb, and who was visiting in Zanesville, dropped in for an hour. A most delightful evening was spent with reminiscences. Refreshments were served.

Mr. and Mrs. T. L. Montgomery had as their dinner guests Thursday at their home on North Fourth street, Dr. E. E. Montgomery of Philadelphia, Pa., J. A. Montgomery of Decatur, Ill., Mrs. H. A. Mr. Sparks of the First Methodist church, and the happy couple left at once for a brief wedding trip through Ohio points.

GIRL POINTS TO MEN WHO ARE GUILTY

Indianapolis, Nov. 29.—As the youngest witness yet to testify, Miss Cleo Beard, 14, picked out from the forty-five defendants at the dynamite conspiracy trial today, two men whom she said she saw shortly before an explosion at North Randall, Ohio, March 25, 1911. In that explosion an ore-conveyor was blown up by nitro-glycerine with \$50,000 damage.

She said with her sister she was going along a lonely road toward her home at North Randall, when they met the men who were carrying a box between them. One of them had a funny face, she said.

"Do you see him in the court room," asked District Attorney Miller.

"Yes, that's him," said Miss Beard, pointing to George Anderson of Cleveland. "He's the one that carried the box." She pointed to Peter J. Smith of Cleveland as another of the men.

"We hadn't been home an hour before the explosion knocked the dishes off the table," she said.

LARGE CROWD ATTENDS DANCE AT A. I. U. HALL

The Thanksgiving ball given by the Fair Glass Workers' Union at A. I. U. hall Tuesday night was a highly successful event. According to the statement of several persons, the crowd was the largest ever seen on this floor. Rosebrough's orchestra furnished the music for the dancers and a splendid program furnished amusement for the dancers until a late hour. The committee in charge of the affair was composed of H. Ornesberg, Gottlieb Zinn, Louis Loda, George Green, Fred Chapman, Robert Mulliman, William Mulliman, James McKay, and William Weibel.

The contest for the prizes offered to the best lady and gentleman dancers was an interesting feature of the ball and Miss Saele Speigel and Charles Lusk were awarded the prizes.

Eight hundred tickets were sold for the event, netting the glass workers' union a neat sum of money for their fund to be used in entertaining the delegates to the national convention here next summer. In all probability a similar date will be given late in the winter or early next spring. The committee in charge wishes to thank the Newark merchants and others for their generous support.

HOW TO TREAT AILING CHILDREN

Growing children play hard and work hard at school, which with rapid growth uses up an enormous amount of energy and vitality that must be replaced.

When a child is tired all the time, no appetite, weak, delicate and sickly, we guarantee Vinol, our delicious cod liver and iron tonic, will build them up, create a hearty appetite, "sound flesh and muscle tissue," pure healthy blood and make them strong.

Mary Lang, Altoona, Pa., writes: "Ever since childhood I have been weak and delicate and my blood has been thin and poor. Many different forms of treatment did me no good, but last spring I took Vinol and now I am so much stronger and better that I want you to know it. I don't know when I have felt so well and vigorous as I have since taking Vinol."

If Vinol fails to do just what we say, we will give back your money. Frank D. Hall, Druggist, Newark, O. P. S. For any skin trouble try our Sazo Salve. We guarantee it.

THANKSGIVING DAY IDEAL ONE FOR THE HOLIDAY CROWDS

The Thanksgiving holiday Thursday was enjoyed by Newarkites in various ways. Thousands of fowls were served for the Thanksgiving dinner and scores enjoyed game dinners. Prices were rather high for turkeys but not prohibitive and marketmen and local dealers state that they enjoyed a fair trade.

The hotels and restaurants served splendid menus and this fact was taken advantage of by many families. The big hotels were crowded and the restaurants enjoyed a nice business. Especially was this true for the six o'clock dinner which was made a special feature.

The cafes served appetizing lunches consisting of turkey, chicken, duck, goose, coon, possum and hot weiners. Many of the lunches were elaborate affairs, one uptown cafe serving ten large turkeys, while another had sixteen varieties on as many different platters. Punch was also served at a number of places.

The theatres and movies did a thriving business, crowded houses being the rule all day. At the Orpheum and Auditorium matinee the places were packed. Many took advantage of the holiday to visit out-of-town friends and relatives while scores of hunters spent the day in roaming over the fields in search of birds and rabbits. The day was an ideal one and in the words of one of our oldest inhabitants "the finest we have had in the last fifty years."

LEFT PACKAGE WITH POLICE AND HAS DISAPPEARED

What has become of the Mansfield young woman who claims to be Mrs. Dale McLaughlin? This is a question which is puzzling the police department. The woman, claiming Mansfield as her home, came to Newark ostensibly to locate her husband to whom she claims she was married in Mansfield some time ago.

The young man was employed at a West Newark factory and she asked the police department to help locate him. The officer who accompanied her to the West Newark address lost track of his charge when the mother-in-law denied the marriage relationship between her son and the woman and drove her from the premises.

While the officer was endeavoring to pacify the mother-in-law, the young woman disappeared and has not been seen since. She left a suitcase full of clothing and a large package at police headquarters. The property has been in the custody of the police department for nearly a week without any word being received from the owner and the officers are wondering what has become of the woman.

Common Colds Dangerous Catarrh the Result

The first stage of catarrhal trouble resembles a common cold in every respect. The early symptoms are a stuffed-up feeling in the head, accompanied by a watery discharge from the nose.

The cause of your trouble is an irritation of the mucous membrane, which lines nose, mouth and throat as well as the inner parts of the body. This irritation, which is often neglected, spreads rapidly and becomes chronic. When this condition exists you take cold easily and suffer from headaches, dizziness and a dryness in the mouth and throat.

Other symptoms you cannot mistake are the bad breath, coated tongue, bad taste in the mouth and the hawking and spitting of mucus that drops back in the throat.

Catarrh, if allowed to run on, affects the hearing and is the cause of light in every ten cases of deafness. It also endangers the lungs, for with the air passages stopped up, the breathing organism is weakened and easily affected when you have a cold.

Ninety per cent of all stomach trouble is of a catarrhal nature, due to the spread of the irritation of the mucous membrane. The symptoms are indigestion, loss of appetite, heartburn, gas on the stomach, biliousness and costive bowels.

Unless the stomach does its work thoroughly the food you eat fails to digest properly, which deprives the system of the necessary nourishment. As a result you tire easily, become nervous and suffer a nervous breakdown.

Use VIN HEPATICA and you will have no catarrhal troubles. It relieves all affections of the mucous membrane, builds up the wasted tissues and strengthens you in every way.

T. J. EVANS has secured the exclusive agency for VIN HEPATICA in this city.

Praise This Remedy For Constipation

If the voluntarily written words of grateful people living in all parts of the country, praising Eckman's Alternative, a remedy for the treatment of constipation, colds, throat and chest troubles, are to be believed, this medicine is certainly doing a vast amount of good for such sufferers. We state none of the facts, and give to you the unvarnished words of praise of those who declare it benefited them—in many cases a simple case of the bowels, and in some cases it restored them to health. This is a sample taken from many—

St. Mary's Academy, O'Neill, Nebraska.

"Gentlemen—About seven years ago I was attacked with the dread disease, Tuberculosis. I coughed dreadfully, could not sleep, nor eat, and could not speak out loud and could do no work. I had three hemorrhages, and blood most of the time and sweat of night sweats, fever and chills. A specialist of Columbus, Ohio, pronounced my case hopeless.

Nearly five years ago I heard of your Alternative and procured said medicine, with the result that I soon found myself restored to health. For the past four years I have been able to continue my teaching, and though I have always had heavy school work, I am now enabled to perform much manual labor. I consider your medicine, if faithfully taken, a most excellent remedy for constipation. Most superior remedy for all ailments. (Signed) SISTER MARIE.

Sisters of St. Francis.

Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Croup, Lung Troubles, and in all affections of the system. Does not contain poisons, opiates or habit-forming ingredients. It is a reliable remedy for recovery and with Eckman's Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists in Newark.

PROCEEDINGS TO REMOVE RHEAMOUNT

As Executor of the Estate of Mrs. Jessie Gaver Have Been Started by Prosecutor Smythe.

J. H. Rheamont, the "Indian" doctor who is under arrest in Zanesville on a charge of contributing to the delinquency of Grace Gldys Gaver, will be removed from the trust of executor of the estate of Mrs. Jessie Fremont Gaver if the proceedings begun in the probate court of Licking county by Prosecutor Phil B. Smythe are carried out successfully.

The prosecutor has filed papers in the probate court asking that Dr. Rheamont be removed on grounds that he is unfit to be trusted with the management of the estate, because he is wholly incompetent and because he has been guilty of fraudulent conduct in the management of his trust.

The relation of Prosecutor Smythe avers that Rheamont came to Licking county but a short time previous to the death of Mrs. Gaver and that he was unknown to the court.

Mr. Smythe says that immediately after the appointment of Rheamont as executor of the estate he was notified by the state's attorney of Aurora, Ill., that the so-called Indian was a man of bad character and reputation, that he was not a proper person to receive such an appointment and that he was under indictment in Illinois for fraud.

The prosecutor asks that Rheamont be notified to present himself in court to answer these charges and that he be removed from his trust.

The papers in the case were transmitted to Sheriff John J. Frick of Muskingum county for service.

Judge H. C. Smith of the Zanesville juvenile court will hear the charges against the medicine man probably next week. Rheamont is still in the Zanesville jail under a bond of \$5000 and Grace Gaver is in the custody of Sheriff Frick.

As yet the society women of Aurora who were to come to Zanesville and ask for the custody of the girl, have not appeared.

Coroner W. E. Wiyarch is keeping in close touch with Dr. C. C. Howard of Starling-Ohio Medical College, who is making the analysis of the stomach of Mrs. Gaver, but it is thought that it will be several days before the chemist will be ready to submit a report of his findings.

DR. M. M. EDWARDS MUST ANSWER TO SERIOUS CHARGE

Dr. Merrill M. Edwards, the Cleveland veterinarian, who was brought to Newark and lodged in the county jail on a charge of contributing to the delinquency of Amy Pierce, 15, a telephone operator of Utica, was taken to Cleveland Thursday morning where he must face a more serious charge returned against him by the grand jury of Cuyahoga county. The Cleveland grand jurors returned their indictment on Wednesday.

The charge in the local juvenile court was filed by Marshal W. A. Hobbs of Utica. This will be held here pending the disposition of the case in Cleveland.

The charge against Edwards is that he enticed the Pierce girl to Cleveland by promising to marry her and that he deserted her in a shelter house in the public square in that city. The girl, her mother, the chief operator of the telephone exchange in Utica and Marshal Hobbs were called to Cleveland to testify before the grand jury, after which the indictment was returned against Edwards and the Newark officers notified that a deputy sheriff would be sent here to take the prisoner to Cleveland for trial.

FIRST THINGS

The first application of steam power to the printing press was given a trial in the office of the London Times 95 years ago today. This pioneer attempt to make use of the new industrial giant, steam, in the publication of newspapers was bitterly resented by the pressmen, who feared that the result of the innovation would be to deprive them of their means of livelihood. The men threatened violence, so the first edition of the Times to be run off on a power press was printed secretly at night without the knowledge of the indignant workmen. The experiment was a success and Mr. Walter, the proprietor of the Times, told his pressmen that their fears were realized and that steam had come to stay. A riot was threatened, but the men were calmed by the management's promise to continue their wages until such time as they could secure other employment.

The first performance of Italian opera in America took place at the Park Theatre, New York, eighty-seven years ago today.

Killed Wife While She Was Preparing Thanksgiving Dinner

Chicago, Nov. 29.—Mrs. Dorothy Pusey was shot and fatally injured by her divorced husband as she was preparing a Thanksgiving dinner for her five young children. Pusey then failed in an attempt to commit suicide.

Mrs. Pusey had roasted a large turkey and was at a delicatessen store near her home when her former husband called. Unaware of

his presence, she returned with her arms full of dainties for the dinner.

"Are you going to invite me to your dinner?" asked the former husband.

"No, I'm not," replied Mrs. Pusey. "The children are all I want. This is going to be a happy party."

Pusey then drew a revolver and fired three times. One of the bullets struck her in the head.

After he saw his wife fall, Pusey turned the revolver on himself. He fired into his neck, but surgeons said the wound would not cause death.

Mr. E. R. McCollum and family have moved into the property on Center-ville street which they recently purchased from Mrs. Eleazar Evans.

Eudora Coral, the sixteen months old daughter of Mr. and Mrs. Harry Pack of Chicago, died Monday, November 25, at the home of her grandparents, Mr. and Mrs. E. R. Cullum. The little one had been ill with heart trouble for some time, but her death was not expected so soon. The funeral was held from the home Tuesday afternoon and interment made in Maple Grove cemetery.

Mr. Harry Pack of Chicago was called here by the sudden death of his little daughter Coral. Mrs. Pack and children have been here for three weeks.

AUTHOR OF "LITTLE WOMEN" BORN 80 YEARS AGO TODAY

Louisa May Alcott, author of "Little Women," the classic novel for girls which has lately been dramatized and is now being presented on the stage of the Playhouse in New York, was born eighty years ago today, Nov. 29, 1832. It is a coincidence that today is also the anniversary of the birth of her distinguished father, Amos Bronson Alcott, Nov. 29, 1799. Millions of ardent admirers of Miss Alcott through-

out the English-speaking world will pay tribute to the memory of the gifted author today, recalling the delight they experienced in perusing the pages of her stories. Written a half century ago, "Little Women" still ranks among the best sellers of works of its kind, and the stage production has led to a great revival of interest. Girls of six and grandmothers, and men as well as women, throng the theatre where "Little Women" has been staged, and the production promises to be one of the great successes of the season. Blase managers, convinced that the public taste demands only nudity, scandal and vulgarity, predicted immediate failure for "Little Women," but happily they have been forced to a new estimate of humanity.

Amos Bronson Alcott, the father of the novelist, was born in Wolcott, Conn., the son of a farmer. His first employment was as a clerk in a country store, and later he was a peddler in the South. In 1823 he opened a school for small children in his native town. Louisa May Alcott was born in Germantown, Pa. When she was four her father removed to Concord, Mass., and thereafter devoted himself to philosophical study and to writing and lecturing on reform topics. He was a leader among the transcendentalists who had their headquarters in Concord, and an ardent abolitionist. In this atmosphere of philosophy and letters Miss Alcott grew up, becoming her father's assistant and later a school teacher.

The opening scene of the dramatic presentation of "Little Women" shows the living room of the old house where the four girls spent their youth. As every admirer of Miss Alcott knows, this was the Concord house of the Alcotts. It has lately been made into a permanent Alcott museum, where reverent pilgrims may see the records and relics of Jo, Meg, Amy and Beth, and dozens of articles reminiscent of the gifted father and daughter. In the stage production numerous pieces of jewelry, ornaments and articles of apparel used by the original "Little Women" are worn by the actresses, having been loaned for that purpose by the present members of the Alcott family.

Miss Alcott published her first book, "Flower Fables," when she was seventeen. During the civil war she acted as a hospital nurse in Washington, and her book, "Hospital Sketches," was based on this experience. The toil and hardships of her life as a nurse wrecked her health, and after the war she went to Europe to rest. She wrote "Little Women" while "resting," and it was published upon her return to America in 1867. Sixty thousand copies were sold the first year, and since then millions of copies have been sold. The book is almost as popular in England as on this side of the Atlantic.

Miss Jessie Bonstellio, an actress-manager who has starred in stock companies in Detroit, Buffalo and other cities, originated the idea of putting her dream to realization. The dramatic version, which is exceptionally well done, is the work of Miss Marian de Forest, of the staff of the Buffalo Express.

One of Many Experiences

A Customer in Our Store the other day remarked:

"If everyone knew how pleasant and convenient it is to buy here I believe you would be the only people in town."

For instance, including my overcoat, my wife's suit, hat and furs and the children's clothes we have bought to-day nearly \$50.00 worth of goods.

Compared with prices I used to pay before I traded here, I am sure I have saved at least \$10.00—but best of all, instead of buying a little now and waiting a month to buy a little more, we can wear all the clothes right away.

We pay for them a little at a time each pay-day and at the same time have all the benefit of the whole season's wear.

This is the fourth season I have traded with you, and everything has turned out as represented."

RITCHIE WINS OVER WOLGAST IN SIXTEENTH

Former Champion All But Out When He Fouled Game Little Lightweight With Low Blow.

THANKSGIVING RESULTS IN THE ROPED ARENA.

At Frisco—Billy Ritchie won on a foul over Ad Wolgast in the sixteenth round, for the lightweight championship.

At Los Angeles—Joe Rivers won the decision over Joe Mandot, after 20 rounds.

At New York City—Leach Cross bested Battling Nelson in a 16-round contest.

At Dayton, O.—Jack Britton knocked out Young Saylor in the seventh round.

San Francisco, Nov. 29.—Ad Wolgast, lightweight champion pugilist, lost his title to Willie Ritchie yesterday in the sixteenth round of their fight at Daly City. In that round Wolgast fouled Ritchie twice and Referee James Griffin awarded the fight to Ritchie. Wolgast, however, was already a beaten man. His eyes were glazed, his legs shaky, his whole body tottering.

The end of the fight came after those at the ringside had noticed in the fifteenth round that Wolgast's strength seemed waning somewhat. At the beginning of the sixteenth the boys faced each other with Ritchie confidently carrying the fight to his opponent. Wolgast looked worried. His face had lost the sneering smile it wore in the earlier rounds. Ritchie made him wince with a two-fingered jab to the body and then shot a crushing right squarely to the jaw. Wolgast fell against the ropes, then retreated toward his corner. Ritchie crowded him and as Wolgast raised his head, he right-crossed him and Wolgast fell sprawling.

Official Timekeeper George Harting who has been counting out champions for 27 years, began to toll off the seconds. At the count of four, Wolgast very groggy, got up and came toward his antagonist, Ritchie, who had crossed to the opposite side of the ring, rushed to meet him and they exchanged blows. Wolgast, though badly dazed, covered so that Ritchie could not send in the finishing smash.

Only 24 seconds remained of the round. Ritchie, near his own corner, made ready for the right cross again when Wolgast's left struck him low. Hundreds of voices raised the cry of "foul," "foul," and Referee Griffin cautioned Wolgast. In another instant the left glove of Wolgast struck low

again and found the same sore spot. Ritchie tried to fight back, but was plainly in distress.

Referee Griffin rushed between the fighters, pushed Wolgast aside and raised Ritchie's hand in token of victory. The crowd at the ringside cheered him and hundreds rushed to shake his hand when he left the ring.

Wolgast had the better of seven of the rounds, four were even and the remainder were easily Ritchie's. In the first two the local lad outboxed the champion. In the fourth he outtaught him and in the tenth, which was really the turning point of the fight, he stood shoulder to shoulder with him and slugged to body and head. Wolgast had much the worst of the milling and Tom Jones, his manager, increased the allowance of brandy that the champion took during each intermission.

All through the fight Ritchie blocked and ducked cleverly but encountered the Wolgast left hand a few times that bruised his left eye and nearly closed it. In the finishing his right eye was slightly damaged and his lip puffed a bit. But on the whole, Wolgast's blows did little damage.

Wolgast seemingly was lacking in condition. In the round before the finish his legs were so heavy he could barely lift his feet from the mat, while Ritchie, fresh and breathing perfectly, danced around his puffing adversary and pecked him with straight lefts.

Wolgast says he did not intentionally foul Ritchie and that he thinks it is a poor way to win a championship. "I didn't hear Griffin caution me and I do not believe I struck a foul blow," he said after the fight. "Ritchie was rough and when I first got in trouble in the sixteenth it was from his throwing me against the ropes instead of hitting me. I would be willing to fight him again tomorrow."

Ritchie protested that he was fouled but said that he was strong and could have finished Wolgast in another round. The new lightweight champion's real name is Gary Steffen. He was reared in San Francisco and took to driving sand wagon teams for his older brothers when school duties became irksome. When 15 years old he began boxing. He showed his quality in the amateur ranks and later in preliminaries to big fights.

A year ago he made his first big forward stride when he was substituted for the stricken Ad Wolgast in Los Angeles and boxed 20 rounds with Freddie Welsh. Since then he all but won in 10 rounds from Joe Mandot in New Orleans and last May he boxed four rattling rounds with Wolgast, flooring the then champion once. He is 21 years old, and of German parentage.

The arena yesterday was packed and several thousand people were turned away.

"EVERY LITTLE OLIVE TABLET HAS A MOVEMENT ALL ITS OWN"
Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver. Dr. Edwards, a well known physician in Ohio, perfected a vegetable compound mixed with olive oil, to act on the liver and bowels, which he gave to his patients for years.
Olive tablets, the substitute for catmel, are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of harmful impurities.

Over-Night Relief For Constipation

A Small Dose on Retiring and You Are Well and Happy by Morning.
It is only natural that the simplest of ailments should be the most general, and so we have a whole nation suffering from constipation and indigestion, for they are closely allied. But common as constipation is many people do not seem to know they have it. They will complain of headache, drowsiness or biliousness, all unconscious of the cause of the trouble.
You should have a full and free movement at least once a day. If you pass a day you are constipated, and the result will be that you will catch a cold easily or have a more serious ailment. To cure the constipation and forestall still graver troubles, take a dose of Dr. Caldwell's Syrup Pepsin at night before retiring, and by morning relief will come, without disturbance from sleep or any inconvenience.
Legions of people use it regularly in such emergencies, some of them formerly chronic invalids, who have suffered from constipation all their lives. Miss Jeanie Harvey, Munhall, Pa., and Dr. D. J. Robenstine, Mogadore, O., and many others will tell you that they have tried most things recommended for this purpose but have found Syrup Pepsin the only one always reliable. A bottle can be obtained at any drug store for 50 cents, or one dollar, the latter size being bought by families already familiar with its merits.
Mr. and Mrs. U. O. Stevens were guests of Mr. and Mrs. Charles O'Bannon in Perry county on Thanksgiving day.
James Finnie of Denison University, and president of the Bachelors' club of Summerland Beach, was a local visitor this morning.
Mrs. William Loughman and daughter Miss Florence of German street spent Thanksgiving day with friends in Columbus.
Mr. and Mrs. James McCaslin and Miss Elsie Wild of Zanesville, were in the city yesterday, the guests of City Auditor and Mrs. Wm. Wult-

MISS JEANIE HARVEY.
Syrup Pepsin is mild, pleasant-tasting and non-gripping. Mothers give it to tiny infants and yet it is effective in grownups. It is for everyone who suffers from any form of stomach, liver or bowel trouble, constipation, dyspepsia, biliousness, etc. Its action will so delight you that you will forever avoid harsh cathartics, purgatives, pills and salts. If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal card will do—to Dr. W. B. Caldwell, 412 Washington St., Monticello, Ill., and a free sample bottle will be mailed you. Results are always guaranteed or money will be refunded.
Mr. and Mrs. George C. Vail and family spent Thanksgiving at Mr. Vernon at the home of relatives.
Mrs. D. C. Stull of 240 Eddy street had as her guests Thanksgiving day her two brothers, Messrs. Oscar and Orville Shean of Mt. Vernon, O.
Mr. and Mrs. John Thompson and children of Decrow avenue have returned after a pleasant visit with Mrs. Thompson's parents at Glenford, O.
When a man gives you a pointer you should make sure it isn't a disappointment.

BURGLAR CAUGHT BY MRS. CURRAN IS BOUND OVER

Watches Examination in Police Court and Mayor Swears Places Bond at \$500.
Edward Fisher, charged with burglary, who was captured by Mrs. J. J. Curran at her home in West Church street Wednesday night, was arraigned in police court Friday morning. He pleaded not guilty to the charge, waived his right to an examination and was bound over to the common pleas court under bond in the sum of \$500.
It is the opinion of the officials that Fisher took this method as the shortest route to a warm comfortable home for the winter with the assurance of regular meals. The officials assert that a man of his strength would not submit to capture at the hands of a woman when a slight exertion of his strength would enable him to make his escape.
The prisoner did not ask for counsel and has been in a cell since his arrest. He is familiar with court procedure for without advice from any one, he pleaded to the charge and stated to the court that he would waive examination. He was taken to the county jail to await the action of the grand jury.
The city prison records show that Fisher was arrested last Saturday and slated at the prison, "investigation." He was found at the Debold bakery during the night, kicking at the door. Whether he was drunk or whether he was attempting to force an entrance, the officers were unable to learn. He remained in jail until Tuesday morning when he was turned out. About 24 hours later he was again in custody with the more serious charge of burglary placed against him.

HIGH LIVING AND POOR NOURISHMENT

When your food does not nourish you, the blood is thin or impure. Unless the blood is pure, assimilation, the final step of digestion, is imperfectly done and the body poorly nourished. Every day instances of lack of nourishment because of thin or impure blood are seen in children, who eat almost continually yet do not grow; in convalescents from the grip, fever, or some other serious disease, who remain pale, weak and debilitated; in persons who are run down through overwork or worry and are unable to get back their strength. Before the body can be properly nourished, the blood must first be cleansed, built up and made fit to work. Dr. Williams' Pink Pills for Pale People will do this more quickly and effectively than any other medicine. They contain the very elements which the thin blood lacks. Not only do they strengthen the stomach but they build up the blood so that it gets full nourishment from the food.
Mrs. Jennie Temple, of No. 106 North Main street, Fond du Lac, Wis., says: "I was a great sufferer from stomach trouble, caused by overwork, for about two years. My appetite was very poor and I could not eat much of anything. No matter what I ate, my stomach became sour and gas would form on it, causing shortness of breath and affecting my heart. I had to diet and eat only the lightest food. For months I did not know what a good night's rest meant. I had frequent dizzy spells and would faint at the least excitement. My head ached almost continually and my heart action was slow and irregular. I was weak and thin and in every way was extremely wretched."
"I had begun to despair of getting well until I gave Dr. Williams' Pink Pills a trial. Before I had taken the pills a month I felt much better, both mentally and physically. My nerves became stronger, my heart action was more steady and the distressing symptoms were lessened. My appetite increased and I soon became well and strong. Since using the pills I have regained my weight. I can truthfully say that I think Dr. Williams' Pink Pills are the very best medicine any person suffering as I did, can take." Send today for the free booklet, "What to Eat and How to Eat."
Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 60c. per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

AMUSEMENTS

Buntz Pulls the Strings.

The advance sale of seats will open at the Auditorium Monday at 9 o'clock for "Buntz Pulls the Strings." The assertion that Newark theatre-goers are interested in Buntz is emphasized by the fact that mail order applications have been extremely heavy during the past few days, and it goes without saying that Buntz will play to one of the biggest engagements the Auditorium has seen during the present season. Buntz is the only big thing on the theatrical season at the present time. The Haymarket theatre, London, has been playing Buntz for the past two years to capacity business, and it is expected that the comedy will run another year. New York and Chicago have had their Buntz companies playing indefinite engagements. The play is all Scotch, laid in Scotland, with a Scotch theme, and interpreted by an all-Scotch company of players, imported especially for the production. Buntz in a recent conversation, exclaimed: "Ma, but Americans are a sweet-temper'd race. They rehearsed us on the way over, and put us to work afore we had the shake o' the ship out o' our bones."

The Traveling Salesman.

Arrangements have been completed whereby the amusement seekers of Newark will have the opportunity of seeing on Saturday, Dec. 1, what is regarded as the most successful comedy of the past metropolitan season, "The Traveling Salesman," by James Forbes. "The Traveling Salesman" has to its credit a record of nine months in New York, 21 weeks in Chicago and three months in Boston.

Sarah Bernhardt in Pictures.

Madame Sarah Bernhardt, the world's greatest emotional actress, and her all-star company, in the great spectacular photo-play, "Queen Elizabeth," in four separate parts will be presented at the Auditorium Sunday evening, Dec. 1, and Monday matinee and night, Dec. 2.

Without fear of contradiction, it can be said that these pictures are the acme of photographic art. Mme. Bernhardt appears constantly in the series of scenes, accompanied by an attention to detail and scenic accuracy new to the art of moving picture making.

The story of the beloved Queen Elizabeth, as portrayed by the divine Sarah in the films, is one of gripping interest and the photography is the nearest approach to perfection ingenuity can perceive. It is a splendid accomplishment and will attract all admirers of art and histrionic talent.

The evening performances will be continuous from 6:30 to 11 and the Monday matinee 1:30 to 5 p. m. The prices will be 10 and 20 cents. No matinee Sunday on account of Elks' memorial services.

Photo-Plays Tomorrow.

The Auditorium will be open tomorrow afternoon and evening, offering the usual fine reels of superb photo-plays. An excellent program has been arranged, which should interest every lover of the "movies."

The Orpheum.

Taking all the bills together that have ever played the Little Arcade theatre, there never was a show to equal the present one. One of the best acts ever staged at the Orpheum is now on, the act billed as "The Girl With the Golden Voice." There is depicted some beautiful scenery, and many high class electrical effects. The young lady has a voice of wonderful sweetness and surely makes good with her audience; even the setting of the stage, with the light effects, receives applause at the rise of the curtain. The lady sings a repertoire of songs which seem to have been written especially for her voice. The act is a beautiful piece of work.

The Orle Troupe of fancy jugglers has one of the best juggling acts on the vaudeville stage today. Their routine of difficult feats is performed with the greatest ease and grace. This act has lots of comedy in it all through and was a big winner at all four performances yesterday to capacity houses.

Ivy & Ivy are real performers. They can make you laugh if you have never laughed in your life before. They play many musical instruments and furnish much fun.

Hamilton Lee gives a delightful exhibition on several instruments and has a good number.

The two films used in the Muryroscope were fine ones and very funny. Mr. John Bunney is seen in one of them. The new water screen at the Orpheum has proven a big success, as the pictures are better now than ever before. Only the best and first class reels are used and they are all shown for the first time in the city.

The little theatre was packed to capacity at four performances yesterday, and several hundred were turned away.

A breach of promise suit is generally out in the oil regions a man gets along well who gets a long well.

Make your cut glass sparkle with GOLD DUST

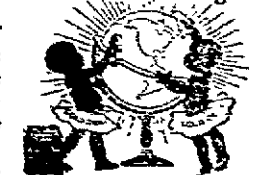

Soap leaves a greasy film on glass, which is hard to remove; the following method of washing will, however, make glass crystal clear:

Take a wooden tub, or pad the metal sink with soiled glass-linen towels, or any soft piece of cotton. Wash the glass in warm suds, made by dissolving a teaspoonful of Gold Dust washing powder in a pan of hot water; use a soft brush to clean surface, then rinse in water of the same temperature.

After the glass has been carefully dried on glass linen, use a camel's hair brush to polish the cut surface.

The Gold Dust Twins Make the Wash Work Drier

Gold Dust is sold in 5c size and large packages. The large package means greater economy.

NO RECALL SAY HIGH SCHOOL SENIORS

Antagonism to the recall of judges was supported in the debate at the High School Wednesday evening when members of the Senior Class, as a feature of their Thanksgiving program, considered this weighty problem. Messrs. Edward Kibler, Charles Montgomery and J. Howard Jones, as judges, decided for the negative in the debate. "Resolved, That the judges who hold office by election should be subject to recall by popular vote, under such regulation as shall be prescribed by law." The program was attended by between 200 and 300 friends of the Seniors, many of whom remained for the informal reception tendered by the High School faculty and lower class members.

WOODROW WILSON

(Continued from Page 1.)

Life to the governor, and the best
proof of its enjoyment is in a
glimpse of the cozy parlors of the
Wilson home, where each night, in
an atmosphere of books and com-
panionship, the family group may be
seen.

The absence of newspapers makes
the islands a particular delight for
Governor Wilson. He admits that
when he was thinking of a place
from which to escape things politi-
cal, he thought immediately of Her-
muda, not only because politicians,
if sincerely warned, would keep their
distance, but because not even the
daily newspaper invades the quaint
stillness of the little archipelago.
The local papers are tri-weeklies
and contain meager cable dispatches,
usually very little about the United
States. The governor didn't know
until Tuesday, for instance, what
the result of the Yale-Harvard foot-
ball game of the previous Saturday
was. And he is pleased with the
absence of information, though
when the steamer did bring in news-
papers he scanned the headlines,
read approvingly of the conviction
of the gun men in New York, mar-
velled at the story of the armed
maniac who terrified a police sta-
tion full of people in Los Angeles,
and cast a noncommittal eye on the
political stories that mentioned his
future cabinet.

One thing the governor read that
pleased him was President Taft's
toast to him at the Lotus Club din-
ner, on Nov. 16, in New York. The
president, in raising his glass to his
successor, had characterized him as
an "able, distinguished and patri-
otic gentleman."

"That's fine," remarked the presi-
dent-elect heartily, and his family,
who stood about at the moment, added
their appreciation.

It appears quite likely that before
inauguration, next March, the presi-
dent-elect and the president will
meet in the national capital. Gov-
ernor Wilson will be passing through
Washington on his way to and from
the jubilee celebration at his birth-
place, Staunton, Va., Dec. 28. If he
does not stop at Washington on that
occasion, he will doubtless be in
Washington in February, when he
may attend the banquet of the Grid-
iron Club, at which President Taft is
expected to be present.

Pills. You don't have to wait a week

ous upbuilding prescription you'll be

exhausted vitality, hysteria, loss of
appetite, kidney and liver complaints
they are simply splendid.

Boy Owes Life to Dog.

A number of young boys were play-
ing on the banks of the Bolton and
Bury canal at Pendleton, near Man-
chester, England, the other afternoon
when one of them slipped into the
canal, which is nine or ten feet deep.
A retriever dog playing near by at
once jumped into the water and
brought the boy to a place of safety.

The time is short—order now.

LAST SESSION'S JOY AND REGRET

All Spectators' Seats For Big
Capitol Show Are Taken.

GREETING AND GOODBY TIME.

No Business For the Two Houses on the
First Day, Which Adjourn After Hav-
ing Been Informed of Vice President
Sherman's Death, but a Great Crowd
Witnesses These Proceedings.

By ARTHUR W. DUNN.

Washington, Nov. 29.—[Special.]—All
the available space for onlookers and
sightseers is taken in the capitol on
the opening day of a session of con-
gress, no matter whether it be the be-
ginning of a regular session or simply
the beginning of the last three months
of a congressional term. There is
something fascinating about the be-
ginning of a new session of congress,
and there are none of the habits of
the capitol who will miss it.

Greetings and Goodby.

The assembling of the members for
the last session of the Sixty-second
congress has many elements of joy
and sadness. There is joy among men
who have been successful and because
their party has been successful, but
there are also heartaches on account of
the loss of men who have been so long
in the public service. It is a day of
greetings and goodby.

Making the Best of It.

There are fun and good nature, raillery
and repartee, and it is a good trait of
the true American spirit that every de-
feated man, almost without exception,
is making the best of it. He has to
stand the jokes and the condolences—
which are often worse of his fellow
men.

The grim face of Champ Clark is
sad as he mounts the speaker's dais.
He has lost the grand prize, of course,
but the fellow who is not even com-
ing back to congress thinks Champ is
pretty lucky in being sure of another
term in the house and the speakership
as well. The fellows who are clear
down and out think that a man in
Champ's place is not so very badly off.
It helps them to make the best of it to
see how hard Champ has been hit.

All In the Preliminaries.

All interest in the assembling of the
present session is in the preliminaries,
in the greetings and the jovial good-
fellowship displayed. As soon as the
gavel falls which call the two houses to-
gether the members must return to the
realization that death has postponed
all business. No business is transacted
on the first day. The two houses are
informed of the death of the vice presi-
dent and of different members who
were with them when they adjourned
last summer. It does not take long to
attend to this business, although it is
necessary to pass the usual formal
resolutions of notification in order to
start the session on its business prop-
erly.

The rolls in both houses are called
and the members respond to their
names. Then with the death an-
nouncements the first day comes to an
end. Everything is just as anticipated,
but everybody comes just the same,
and will come on the first day of every
session just as they have done since
there was a capitol.

Feeling of Exultation.

One cannot but detect the feeling of
exultation which the Democrats feel
on the first day of the session in the
fact that they have won a great vic-
tory and are soon to have control of
the government. It means a great deal
to them, more particularly those who
have never been in congress when the
Democrats controlled everything. With
the exception of about three men in
the house and a like number in the
senate, there are no members of the
Democratic party who were in con-
gress when the Democrats had control
of every branch of the federal govern-
ment, which will be the case in a very
few months. No wonder they feel
pretty good on their return from the
polling places.

Their Last Session.

Two men attracted more than the
usual interest in the house as the mem-
bers met. They were Uncle Joe Cannon
and John Dalzell. They are two veter-
ans who are entering upon the last ses-
sion they will be in congress unless
they should again be returned two
years hence. Cannon has had thirty-
eight years' service in the house, be-
ginning March 4, 1873, with two years
intermission. Dalzell has had twenty-
six years' continuous service.

Three Twenty-Year Veterans.

Twenty years ago the Republicans
elected many men who seemed desti-
ned to serve as long as they lived. There
was a large number that survived cam-
paign after campaign, but now only
three are left—Barthold of Missouri,
Cooper of Wisconsin and Gillett of
Massachusetts. They will be members
of the next congress.

"Explanation Days."

The great burden of the re-elected
member is that he must listen to the
explanations of the defeated for a
week or ten days. The fellow who
could not come back thinks that every
man he meets should understand ex-
actly what happened and why he will
not be a member of the next congress.
Fortunately the primary elections
avoided the necessity of such explana-
tions in many cases.

Why Druggists Believe in "NURITO"

The Effective Remedy for Rheumatism,
Sciatica and Neuritis

We want all the sufferers in this city to
know why we believe in "Nurito" because
their belief is bound to be founded on fact.
This new, progressive remedy is the work
of a doctor whose standing we know. There
is no mystery about it—no patent medicine
deception. Like men who are today working
the great advances in medicine the world over,
this physician has simply utilized and combined
ingredients which separately were recognized
by doctors as having a tendency to drive the
uric acid poison out of the system.
It is their unique combination which is new.
Instead of a mere tendency to relieve, "Nurito"
gives absolute relief which is as permanent as
the relief from any disease can be.
There is neither narcotic nor opiate in
this prescription—simply a harmless powder
which is a complete antidote for uric acid
poison. Patients who have been almost dis-
tracted by the knife-thrust, darting pains have
been greatly relieved in a very few hours and
entirely relieved in a remarkably short time.
Doctors throughout the country believe in
"Nurito"—they have seen its work. We, as
druggists, give it our fullest endorsement.
We know that there is certain relief here for
every sufferer and that often a single \$1 box
will be the most convincing evidence of it.
Compounded by Magistral Chemical Co., Flat-
iron Bldg., N. Y.

druggists.

ing a house to house demonstration

NEWARK MAN TO BE SENT TO RUSSIA

To Investigate Possibilities of Opening up Field for American Milling Machinery.

The opening of Russia as a field for American milling machinery will depend upon the investigation to be conducted by a Newark man, Clarence Linn, of 351 Granville street, for one of the largest milling machinery corporations in the world—the Allis Chalmers Company of Milwaukee, Wis.

Mr. Linn received instructions from his company a few days ago to prepare himself for an extended visit in Russian points and will probably leave before the first of January. He will be accompanied by his wife, and aside from the purely commercial part of the trip, they are anticipating great pleasures from the opportunity to visit the almost unappreciated possibilities of the czar's realm.

Little American machinery is now shipped into Russian territory, the development of that country being hindered by the oppressive taxation upon owners and operators of mills outside the special privilege of czar and his underlings. The demand of the nation for grain, products and the steady rise of Socialism of a more consistent type than Russia has ever before known, is responsible for the recent acquiescence of the czar to the spreading of American machinery among his people. The field is a virgin one, and Mr. Linn will have plenty to do in the way of making suggestions to the unaggressive Russians.

Caught in the act of attempting to burglarize the residence of James K. Hamill in North Fourth street, early Friday morning, two burglars took to their heels and disappeared in the darkness followed by a fusillade of bullets from the revolver of Patrolman Corder.

The officer heard the men at the front part of the Hamill home and when he investigated, he surprised the men at their work. They made a quick getaway, not heeding the officer's command to halt.

Patrolman Corder pulled his revolver and sent several shots flying after the would-be burglars, but they continued in their flight. It is believed that none of the bullets took effect.

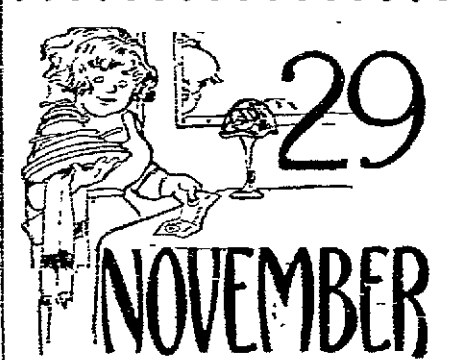

The men had not succeeded in gaining an entrance to the house and until the shots from the patrolman's revolver aroused the members of the family they were not aware that their property was in any danger.

Horrible Death of Mt. Vernon Man Well Known Here

M. H. Fitz, 40, of Mt. Vernon, who was burned to death in a gasoline explosion at Toledo, was well known to many Newark and Licking county people. He was born near Adamsville, O., and for several years was engaged in business at Utica and also at Zanesville.

Mr. Fitz's death was a terrible tragedy, he and a companion having been caught by the explosion in a small stone-walled room where the dry cleaning was done. They were trapped in the seething mass of flames, with all chance of escape cut off.

Mr. Fitz lived but a few hours after the accident, dying before his wife reached Toledo from Mt. Vernon, where they have lived for several years.
